

# Native CDFI Network MIDWEST REGIONAL EVENT

Green Bay, Wisconsin | August 7-8, 2025

## Sponsorship Opportunity

The Native CDFI Network (NCN), in partnership with the Wisconsin Indigenous Housing & Economic Development Corporation (WIHEDC), is pleased to invite you to our Midwest Regional Gathering on August 7–8, 2025 at the Oneida Casino Hotel in Green Bay, Wisconsin.

This two-day event will bring together Native CDFIs, Tribal housing organizations, and economic development practitioners from across the region. Together, we will explore strategies to strengthen housing opportunities, support homeownership, advance community development, and expand access to clean energy finance. Participants will engage in dialogue around regional needs, share emerging practices, and identify solutions to move Native-led development forward.

We are excited to create space for meaningful connections, collaborative learning, and regionally focused policy discussions that support the economic sovereignty of Native communities.
